

REF.87701 MDS VIDEO PANEL

Technology Guides >> MDS Equipment

Panels for MDS Digital systems. These can be combined with other types of systems such as MDS Direct, MDS City and ADS. The MDS Digital panels are characterised by their: - 4+N Amplifying Module: also called «phonic group», this is the module that incorporates the electronic circuits necessary for the operation of the audio system. It has volume adjusting options, both on the street-residence option and the residence-street option, and the installer can adjust these to achieve the optimal level. - LCD Display: The MDS Digital panels incorporate an electronic directory which allows you perform a user search (names of residents...) through a LCD display and navigation buttons. The various system parameters are programmed using a keypad and the display. - Numerical keypad: Generates the MDS call code to residence. The call to the residence can be made by entering the corresponding code assigned to the residence + the «bell» key, or

using the electronic directory: with the navigation buttons select the owner of the residence you wish to call and press «bell». - Access Control: The MDS Digital system incorporates access control functions entering codes using the numerical keypad. Furthermore, it allows a secondary proximity card reader module to be connected to the display from the digital panel. The users and their card or keypad codes are stored in the «MDS Central Unit » and are managed using the panel keypad and display. - Visor to install the telecamera module (b/w or colour) in video door entry systems. - This system requires a Central Unit. The Central Unit is the main nucleus of the MDS Digital system, which incorporates the most important part of the system management and operation electronics, including the software. MDS DIGITAL outdoor panels: * City Line Models: - Ref. 87701 MDS DIGITAL Video Door Entry Panel. * BRUTO Models: - Ref. 2759 BRUTO MDS DIGITAL B/W VIDEO PANEL. - Ref. 27596 BRUTO MDS DIGITAL COLOUR VIDEO PANEL Description of the image. 1- Amplifier, 2- Display, - 3 Search Key, 4- Call Keypad (bell), 5- Data Keypad, 6- Camera, 7 - Led Illumination.
